

IsoHack

This season, hack for a reason

Sponsorship Brochure

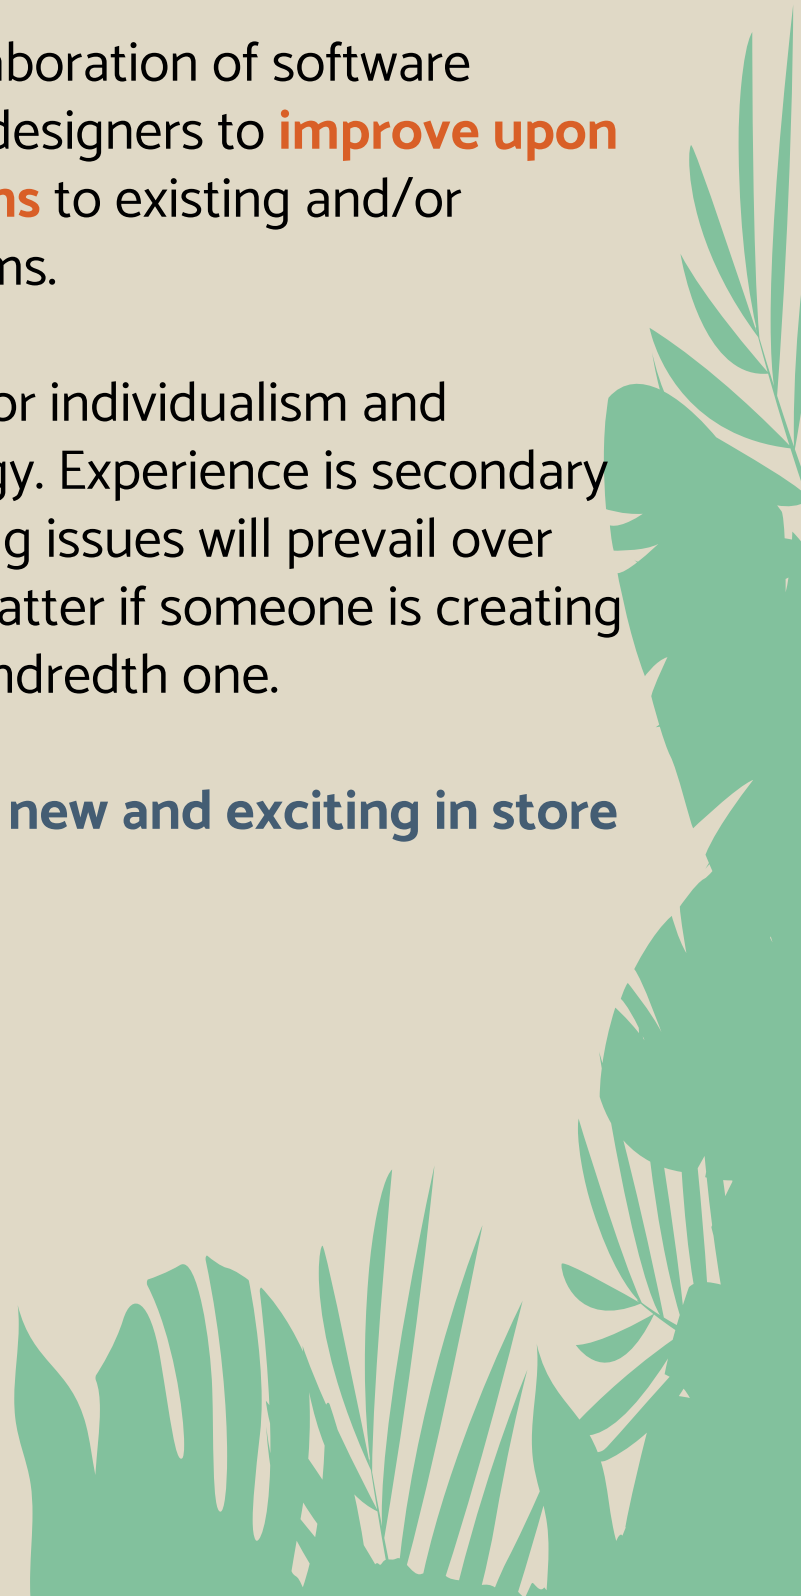

ISOHACK

The one-off hackathon of the nation

Isohack is a nationwide collaboration of software developers, innovators and designers to **improve upon** or **build innovative solutions** to existing and/or untapped real-world problems.

Isohack provides a ground for individualism and ingenuity through technology. Experience is secondary as the desire to solve uprising issues will prevail over everything else. It doesn't matter if someone is creating their first project or their hundredth one.

There is always something new and exciting in store for everyone.

Isohack - by the numbers

36

36 hours

Of intense
hacking

100+

Students

Contributing to a
better tomorrow

100%

Nationwide

Hackathon,
covering all
corners of India

We promise to give the best User Experience in our hackathon, one which was never seen before.

And we need your help
and support to turn our
dream into a reality

Why sponsor us?

Why sponsor us?

1. Branding Avenues - Social media shoutouts and offline promotions

Your company will be promoted in Isohack's [Twitter](#), [Facebook](#) and [Instagram](#) page as a sponsor for the hackathon, prioritized by the degree of sponsorship

Your company can also conduct promotional events within the duration of the hackathon on Isohack's social media platforms, if required.

Your company's logo will also be featured and linked to:

1. Banners
2. Decorations
3. T-Shirts
4. Goodies
5. Certificates
6. Flex boards
7. Website
8. User Personalized Posters

All based on the level of sponsorship.

Your company will be an integral part of the promotional and publicity campaigns of Isohack, before and during the hackathon.

2. Workshops, Talks and Sessions

Your company can conduct workshops, talks and interactive sessions with the participants of the hackathons, based on the degree of the sponsorship.

These events can be utilized to promote your company, or to promote the use of your company's API and/or other products to the participants taking part in the hackathon.

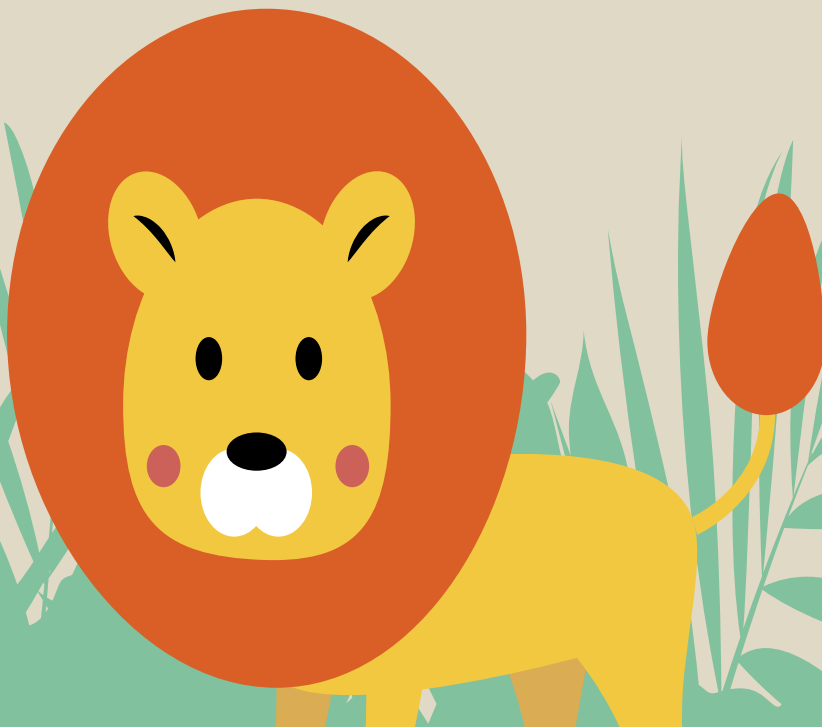

Your company will be guided aptly to setup and organize the workshops, talks and sessions in and around the premises of our college.

3. Internship opportunities

Your company can also approach winner, runner ups, consolation winners and other participants and provide them with internship opportunities or approach them to aid them in fine-tuning their ideas under your company's hood.

Your company can strike a deal with the participants of the hackathon and hire them accordingly as valuable assets.

Sponsor shoutouts

Your company will be credited in the opening ceremony as well as the closing ceremony and will be mentioned everywhere where **your company** has patronized the hackathon.

Flex boards

Your company's name and logo will be placed in more than ten (10) flex boards spread throughout the area of the hackathon and the campus.

Size and position of **your company** will depend on the degree of the sponsorship.
